

FSMG's Birds of a Feather Program

At Fertility Specialists Medical Group, we do our best to educate you about infertility and thoroughly explain all treatment options.

But we know that, at the end of the day...Infertility treatment can be **overwhelming**.

Between the medications (estro-what?), numerous appointments (you want to give me HOW MANY vaginal ultrasounds?), and the (always fun) financial side of treatment, you probably have 1,000 questions swirling around in your brain.

FSMG's **Birds of a Feather Program** was developed as a means of offering support throughout your upcoming treatment and give you the opportunity to talk to a real person who has been through a similar journey. It's easy to sign up (no blood samples needed, we promise!)
